

September 2023

Whether you're a Rush County native or a newcomer, you've probably noticed that **there's something really special about this community**. We care for each other. We work together. And we don't take "no" for an answer. When we have a goal, we keep pushing forward. No matter what.

We aren't the only ones to notice. We have a legion of fans statewide. The REC Center is a perfect example. This dream began more than 20 years ago. A lot of folks worked hard to make it a reality, but it wasn't our time. Yet.

Instead of dropping the baton, they held on. They kept it safe. They passed it off to other teammates, who are off and running. They're not only back in the race but nearing the finish line. When they cross it, we all win. **A community this amazing deserves a place to learn, play, and grow even stronger. Our time is now, Lisa.**

REC Center Groundbreaking Recap

Shortly before the **REC Center** groundbreaking ceremony began, an uninvited guest, the rain, tried to crash the party. Not a chance. As **Rushville Mayor**,

Mike Pavey, said, *"This will be one of the most significant days in our community as people look back."*

Guests huddled inside a tent with overflow under umbrellas. The ceremony began with **John McCane, Rush County Economic and Community Development Corporation Executive Director and REC Center Committee Chairman**, naming and thanking the numerous individuals and organizations involved. He announced the naming partnership from **Rush Memorial Hospital**.

There is no more appropriate description for this project than "community-driven."
